January-December 1971 - Vol. 34, No. 1 through Vol. 35, No. 6

Pipe Line Industry

Engineering, Construction, Operations of Pipe Lines including Gas Distribution Systems

1971 Annual Editorial Index

Titles

Title	Issue	Page
A British View of Plastic Pipe, R.H. Mather	Sept.	33
A New Concept in Field Automatic Double Jointers	Jan.	32
A New Look at Europe's Pipe Line Regulations, R.E. Watkins	May	28
A New Look at LNG Vaporization Methods, Stanley E. Dale	July	25
A New Look at Mass Flowmeters and Computers, John S. Boynton	April	39
A New Way to Expose Plastic Pipe Inserts, Charles J. Rees	July	41
Adapting Packaged Turbines for Pipe Line Compressors, Robert S. Grettum	Dec.	25
Aircraft Turbines Take Over in Western Canada, R.E. Stauffer	Aug.	26
Alberta Gas Trunk Introduces New Construction Technology, John H. O'Connor	Nov.	43
Alberta Gas Trunk Line Installs 42-Inch Transmission Loops	Aug.	37
A.O. Smith Introduces First U.S. 36 to 48-Inch Pipe Press	Dec.	39
Brooklyn Union to Use 5,000 Remote Meter Reading Devices	May	37
Built-in Safety at Ommen, H.L. Thornton	April	25
Canadian Western Erects Bow River Aerial Crossing	May	45
Cast Iron Main Renewed With 8-Inch Polyethylene Insert	Sept.	38
Cities Service Line Taps Anadarko Basin Gas Reserves, Dave Deason	Sept.	45
Colorado Facility Proves High Flow Rate Meters, Benjamin Arnberg	Sept.	43
Computer Program Checks Station/Piping Design, Peter M. Lovie	Feb.	34
Computerized Maintenance for Natural Gas Transmission, Merle N. Mielke, Jr.	Aug.	45
Concepts for Tomorrow's Pipe Line Service Valves, Clyde H. Chronister	Feb.	42
Consumers Power Adds 64-Mile Loop as Part of Major Expansion Project	Jan.	39
Cooled Gas Line from the Arctic?, D.M. Coulter	Dec.	18
Cost-Effectiveness of Supervisory Control, W.H. Osborne	April	19
Deep Water Repairs Made With New Aligner/Habitat	March	59
Distribution System Renewed With Plastic Pipe Insertion	March	48
Distrigas: North America's Largest LNG Project, Jacek Makowski	July	15
11-Mile Submarine Water Main Laid Across Gulf of Trieste	July	36
European Pipe Line Construction to Set New Records in 1970s, Dr. Rudolf Sobotka	Nov.	37
Explosive Cutter for Subsea Work	Nov.	60
Far North Construction Boom May Start in Spring of 1972	Aug.	23
15 Developments to Watch in Pipe Line Construction	Oct.	19
Fluidic Flowmeter: A New Way to Measure Liquids, M.P. Wilson, Jr., C.H. Coogan, Jr., and K. Southall	Feb.	28
42-Inch Distribution Main Installed in Chicago Streets	Aug.	40
Four Ways to Calculate Orifice Flow in Field, Rogers G. Thompson	Oct.	39
Fracture Mechanics: A New Plastic Pipe Design Concept, Trevor R. Smith	Sept.	35
Friction Factors From Log-Log Slide Rules, D.S. Davis	Jan.	46
Gas Distribution by Remote Control, Robert E. Stiles	April	28
Gas Utilities Prepare for New Corrosion Regulations, Dale Miller	March	38
Great Lakes Installs 25,000-hp Gas Turbine/Compressor Unit, Robert E. Stiles	Dec.	15
Helicopter Pilots String Pipe on El Paso Looping Project	Dec.	28
Houston Will Test Remote Automatic Meter Reading, Robert E. Stiles	Feb.	26
How a Small Utility Maximizes Safety, Robert S. Gidney, Jr.	Jan.	33
How Colonial Manages Human Resources, Wilson L. Nicoll	May	31
How Elbow Meters Perform on Large Diameter Gas Lines, Sam Cannella	Dec.	34
How Small Utilities Can Comply with Federal Corrosion Standards (Part 1), A.W. Peabody	Oct.	31
How Small Utilities Can Comply with Federal Corrosion Standards (Part 2), A.W. Peabody	Nov.	55
How the Alyeska Line Will be Protected, Dave Deason	March	35
How to Conduct Winter Hydrostatic Pipe Tests, J.R. Jameson	March	49
How to Control Gas Distribution Leaks, Stuart B. Eynon	Dec.	40
How to Determine Peak Shaving Cost, Victor J. Blanchet, Jr.	June	32
How to Get the Most for Your Peak Shaving Dollar, W.J.K. van Dinteren and D.C. Ellis	July	22
How to Improve Supervisory Control, W.H. Osborne	May	38
How to Make a Cost-Effectiveness Study, W.H. Osborne	June	46
How to Optimize Gas Pipe Line Networks, G.E. Graham, Dr. D.A. Maxwell and Dr. A. Vallone	June	41
How to Reduce Compressor and Turbine Vibrations, Walter Nimitz and J.C. Wachel	May	41
How Two Canadian Firms Stopped Noise Pollution	Sept.	42
Improving Line Pipe for Maximum Safety, C.E. Rawlins and V.L. Hayes	Sept.	27
In-Line Turbine Generates 120 Volts From Gas Flow, Robert E. Stiles	March	42
Installation Methods Vary on Gulf's 188-Mile Project, Dave Deason	July	33
Internal X-Ray Crawler Passes Lay Barge Tests	July	32
LNG Pipe Lines Are Feasible, Dr. Thomas E. Hoover	Dec.	21
Logging Device Detects Active External Pipe Line Corrosion	March	40
Lone Star Gas Installs 800-psi Plastic Pipe, Dave Deason	May	46
Lone Star Gas Installs First 6-Inch Polyethylene Gas Main	Sept.	39
Measurement Trends in the 70s, John W. Harriger	Feb.	23
Microfilmed Records Speed Brooklyn Union Operations, T.R. Monaghan	Dec.	32
Midicomputer to Control 2,000-Mile Ammonia Line, James P. Anthony, Jr.	April	22

Title	Issue	Page
Mini-Submarine for Offshore Pipelining	April	42
Modified Piledriver Used to Install Casing Pipe	Feb.	44
More Field Automatic Welders on the Way, Robert E. Stiles	Oct.	24
Mud Sled Speeds Construction of Dow's New Products Line	April	38
Multi-Purpose Unit for Gas Distribution Work	Jan.	45
New Pipe Laying Techniques for Water Depths Below 1,000 Feet	Jan.	37
Nitrogen Provides Safety for Line Drying Project	March	44
North Texas Gas Gathering System Nearing Final Construction Stages, Dave Deason	June	52
1,385-Foot Channel Crossing Installed as One Unit	July	39
O.P.S. Explains New Corrosion Regulations	Aug.	42
Outside North American Plans Exceed 45,000 ROW Miles, Dave Deason	Nov.	33
Peak Shaving Units Ease Cold Weather Gas Pinch, James A. Meyer	Jan.	43
Pipe Line Crews Restore Quake-Damaged Gas Service, Dave Deason	April	33
Plastic Pipe: A 15-Year Progress Report, G.D. Kellam	April	30
Plastic Pipe Inserts Renew Antique Distribution System	Jan.	36
Plastic Pipe Joints: How Are They Performing? (Part 1), H.W. Kuhlmann, S. Sowell and F. Wolter	Feb.	37
Plastic Pipe Joints: How Are They Performing? (Part 2), H.W.Kuhlmann, S. Sowell and F. Wolter	March	45
Practical Maintenance Tips for Positive Displacement Meters, J.A. Willson	July	29
Pull Method Solves British Offshore Pipelaying Problems, T.F. Wynne-Edwards	March	57
Recording Cathodic Protection Data With Airborne Transceiver Monitor, Charles W. Roellig	June	44
Red River Channel Reshaped to Save Pipe Line Crossing, Kenneth W. Henson	Feb.	31
Research Under Way on Arctic Gas Lines, Robert E. Stiles	Aug.	33
Reverse J-Tube Method Extends Riser Installation Capability, J. Frank Matthews	April	35
Rice Buggies Become Weldors' Rigs Along Muddy ROW Construction Job	June	54
River Crossing Break Repaired with New Bias/Cut HydroCouple	Sept.	41
Safety a Major Factor in Cryogenics Valve Design, Robert A. Reck	Jan.	41
Search for the Ultimate in Pipe Line Leak Detection	Oct.	34
Shaped Charge Reduces Subsea Tapping Cost	Jan.	44
Southern California Projects Test Constructors' Skills	Dec.	37
Special Equipment, Methods for Far North Construction	Oct.	26
Status of LNG Peak Shaving in the U.S., J. T. McKenna	May	33
Terrain and Weather Challenge Trans-Ecuadorian Pipeliners	Nov.	41
The High Price of Public Concern, Raymond J. Hunt	May	27
$30 Million Chaparral Construction Completed on Schedule	March	55
37,000-Mile Gas Network Construction Underway, Dr. Rudolf Sobotka	June	49
Three Compressor Stations Added to SNAM Network, Giuliano Vitali	Aug.	48
Tone Telemetering Controls Ignition Pipe Line Gas, Ralph W. Haven	Dec.	30
Trans Alaska: World's Most Thoroughly Engineered Pipe Line, Dave Deason	Aug.	29
Transport Pipe Lines With Inflatable Flotation Bags	Feb.	33
Turnkey Project Completed Month Ahead of Schedule	Nov.	58
21,617 Miles of Pipe Lines Planned in 1971, Don E. Lambert	Jan.	27
Two Gas Utilities to Use Substitute Natural Gas, Robert E. Stiles	July	18
Ultrasonic Sensor Detects Flow of Gas, Liquid and Slurry	Feb.	30
Ultrasonic Tool Detects and Records Pipe Flaws	July	37
Unique Concept Increases Desert Turbine Efficiency	Nov.	57
Western Europe Introduces New Gas Measurement Ideas, M. André Galateau	Nov.	46
What's New in Metering and Measurement, R.A. Sutton	June	27
What's New in Spiral Weld Pipe Technology, Heinz Grohs	Sept.	30
Why Consumers Power Uses Automated Pressure Control, W.E. Boldyreff and H.L. Thornton	June	37
Why Pipe Line Construction Will Boom During the Next Decade, C.B. Lester	Jan.	29
World's First Carbon Dioxide Line to Boost West Texas Oil Production, Dave Deason	Oct.	29

Construction Projects

Title	Issue	Page
Alaska P.S. Seeks Fairbanks LNG Distribution System Ok	Jan.	47
Alberta Gas Board Approves Consolidated's Export Request	March	63
Algonquin Proposes Building $39.5 Million SNG Facilities	Oct.	45
Aqueduct, Reservoir Built for Lima, Ohio	May	58
Arkla System Awaits FPC Ok	Feb.	46
Australian Gas Light Building 850-Mile NSW Supply Line	Sept.	54
Banister Pipelines Awarded TransCanada Contract	May	49
Blue Water Project Gets FPC Approval	Dec.	43
British Plan $33.6 Million Refined Oil Supply System	March	65
Buckeye Slates $7 Million 1971 Expansion Program	June	59
Canadian National RR Forming Gas-Solids Pipe Line Division	Sept.	54
Canyon Reef to Begin CO_2 Line Construction	June	55
Cities Service Authorized $1.4 Million Expansion	Dec.	47
CJB, Socea, Techint to Build $300 Million Sumed System	Dec.	47
Coastal States Will Increase North Texas System Thruput	Aug.	53
Colonial Awards Contracts for Expansion	July	44
Colonial Studying Expansion to Meet Shipping Demands	Jan.	50
Colorado Interstate Plans Big Horn Gas Line	Sept.	50
Colorado Interstate Seeks $14 Million Expansion OK	April	46
Colorado Interstate to Build $14 Million System Facilities	June	64
Columbia Gulf Awards Five Facilities Expansion Contracts	June	63
Columbia Gulf Pulls 36-Inch Dual Mississippi Crossing	Nov.	66
Columbia Plans Extensive 1971 Expansion Program	Feb.	50
Compressor Station Module Installed on Gulf Platform	March	64
Costa Rica, Panama Propose Central American Oil Lines	March	66
Digitool Will Build North Slope Flow Instrumentation System	July	44
Dry-to-Dry Transfer Demonstrated	July	43
El Paso to Expand Washington System	Sept.	50
El Paso's $3.3 Million Construction Plan Approved	June	58
$11.5 Million El Paso Construction Approved	Aug.	55
$11.4 Million Construction Ok Sought by Three Gas Firms	April	44
Entrepose Constructing N. Africa, Europe Lines	June	59
Equitable Gas Authorized $3.6 Million Construction	Dec.	44
Equitable Proposes 26-Mile $3.6 Million Construction	Aug.	53
Explorer Awards Contracts for Phase 2 Construction	Jan.	48
$15.2 Million Texas Eastern Construction Approval Sought	Nov.	63
$59 Million Interprovincial 1971 Expansion Planned	Feb.	47
Flexonics Expansion Joints Ordered for Brunei LNG Line	Aug.	57
Florida Water Dept. Installs Concrete Pressure Line Pipe	Jan.	49
Fluor's Reel Barge Installs Subsea Line	Nov.	63
$44.3 Million Great Lakes Construction Proposal Filed	Aug.	54
FPC Approves $8.6 Million Michigan Wisconsin Project	Aug.	55
FPC Approves $10.6 Million NGPLA Storage Development	Nov.	63

XUM

Title	Issue	Page
FPC Approves $2.9 Million Transwestern Construction	Dec.	44
FPC Consolidates Hearings for LNG Import Facilities	July	43
FPC Examiner Would Approve $65.5 Million Construction	Aug.	54
FPC Hearings Examine Blue Water Project	Sept.	52
FPC Official Would Approve Distrigas LNG Imports	July	44
Gas Council Awards Laing $2.4 Million Contract	Sept.	50
Gasunie Will Lay Second Feeder Across IJsselmeer	Jan.	47
Germans, Soviets Consider Second Gas Trade Deal	Sept.	52
Great Lakes Will Build $34.3 Million Facilities	July	43
Great Lakes Will Install 167,000 hp at 10 Stations	April	44
Group Plans $44.2 Million Offshore Facilities Expansion	May	56
Hampshire, Atlantic Seaboard Get $3 Million Expansion Ok	June	64
Hampshire Gas Seeks Ok for $2.1 Million Expansion	June	57
Houston Natural, Dow, Tenneco Organize Oasis Pipe Line Co.	Dec.	48
Houston Natural, Dow, Tenneco Plan 333-Mile Line Extension	Aug.	52
Humble Building 31-Mile, 20-Inch Louisiana Trunkline	Aug.	55
Humble Planning 56-Mile Florida Area Crude Line	Oct.	67
Hydrocouples to be Installed at Ekofisk Field Platform	April	45
Indonesia Constructing Multiproduct Pipe Line	Jan.	50
Interprovincial to Install 92-Miles, 48-Inch Loops	Dec.	43
Iroquois Gas Will Construct $1.4 Million N.Y. Facilities	Dec.	52
Japanese Install 36-Inch Offshore Oil Discharge Line	June	55
Kansas-Nebraska Requests $9.2 Million Construction Ok	Jan.	50
Laing Awarded $3.1 Million Transmission Line Contract	Aug.	52
Laing Lays South Wales Water Trunk	April	45
McCulloch Plans 64-Mile, $1.2 Million Construction	Sept.	54
Michigan Wisconsin Proposes $2.9 Million Added Facilities	April	48
Michigan Wisconsin Seeks $2 Million Construction Ok	Feb.	45
Michigan Wisconsin to Build $13.8 Million Facilities	Oct.	49
Michigan Wisconsin Will Build $2.9 Million System Facilities	June	56
Mid Louisiana Gas Plans Storage Field Development	Feb.	46
Mid Louisiana's $5.6 Million Storage Project Authorized	May	50
Mississippi River Authorized $4 Million Line Construction	Sept.	54
Mobil Awards Fluor $3 Million Offshore Construction Contract	Dec.	43
Montana-Dakota Seeks FPC $1.8 Million Construction Ok	May	49
Montana-Dakota Would Build $4.3 Million Gas Facilities	Dec.	47
Mothercat Building 162-Mile West Pakistan Gas Line	Sept.	54
Mothercat Constructing Pakistan, Nigerian Projects	April	44
Mothercat Constructing W. Pakistan, Dahran Lines	Dec.	46
Mountain Fuel Would Install $1.4 Million New Compression	June	57
Neill-Price to Construct 154-Mile Iran Oil Line	Sept.	52
NGPLA Seeks FPC Approval to Augment Compression hp	July	42
NGPLA Seeks $33.1 Million Storage—Offshore Expansion	May	55
NGPLA $24.5 Million Construction Authorized	Sept.	52
$9.2 Million Chandeleur Construction Recommended	Feb.	45
Nippon Steel Constructing Offshore Loading System	Dec.	43
NKK Ships Final Cargo of 48-Inch Alyeska Pipe	Jan.	48
North Slope Study Set for Field Gas Handling	June	58
Northern Natural Gets Ok on $5.9 Million Construction	June	63
Northern Natural Proposes $5.9 Million Construction	Feb.	45
Northern Natural Revises Canada Gas Import Plan	July	45
Northern Natural to Add 440 MMcfd	June	55
Northwest Test Facility Readied for Studies	Jan.	48
Nuovo Pignone Building 34,000-hp Soviet Compressors	Aug.	53
Ohio Fuel Gas Completing Storage Facility Expansion	July	43
Ohio Fuel Replaces Distribution Mainline	Feb.	47
$113.8 Million Colonial System Expansion Planned	March	65
$135 Million Australia Line Construction Under Way	Sept.	52
1,550-Mile, Canada-U.S. Gas Liquids Line Planned	Sept.	54
Pacific Gas Plans to Add $83 Million Facilities	March	67
Panhandle Eastern to Develop $13 Million Storage Facility	March	67
Panhandle Eastern Would Add $12.8 Million New Facilities	April	45
Pending Construction Nears $1 Billion at Mid-Year	Sept.	49
Phillips' Wyoming-to-Texas Line is Nearing Completion	April	44
Press Group Installs 42-Inch Outfall Line	Oct.	50
Public Service Budgets $9.8 Million Gas Construction	June	56
Saipem Awarded Contract for W. Australia Gas Line	Feb.	47
Saipem Building 254-Mile West Australia Gas Line	June	59
$7 Million Expansion Planned for APS Distribution System	Feb.	45
78-Inch Oil Line Constructed at Kharg Island	July	42
Shell Completes Ethylene Pipe Line	Jan.	47
Shell Expanding Ship Shoal Offshore Louisiana System	June	56
Shovel Relocates Pipe Lines at Florida Phosphate Mines	May	49
Siberia-Sakhalin-Hokkaido Gas Line Possibility Grows	Oct.	44
$6.5 Million Storage Field Development Approval Sought	May	55
$60 Million New Brunswick Supertanker Terminal Planned	Dec.	44
$66.8 Million TransCanada 1971 Construction Approved	March	67
Skelly Pipe Line Increasing Osage Line Capacity	June	58
Southern Energy Planning $71.4 Million LNG Terminal	July	43
Southern Natural Authorized $1.5 Million Looping Project	June	56
Southern Natural Plans Exceed $71.4 Million	Aug.	52
Tennessee Asks $6.2 Million Offshore Construction Ok	Sept.	50
Tennessee Gas Authorized $2.8 Million Offshore Facilities	Dec.	47
Texas Eastern Announces Two SNG Plant Proposals	Dec.	48
Texas Eastern, Consolidated Submit SNG Plant Proposal	Nov.	65
Texas Eastern Participating in Arctic Gas Pipe Line Study	Jan.	47
Third Arctic Pipe Line Feasibility Study Opened	May	49
$13.4 Million Transco Construction Authorized	June	56
$34.3 Million Construction Proposed by Great Lakes	May	56
36-Inch Plastic Pipe Used for Plant Outfall	Jan.	50
3M, Surfcote Win Alyeska Contracts	Jan.	49
$3 Million Construction Ok'd for Manufacturers, Home Gas	June	63
Transco Begins Constructing Offshore Texas Gas Line	Aug.	53
Transco Constructing First Major Offshore Texas Interstate Gas Line	Nov.	64
Transco Given $13.2 Million Construction Authorization	Sept.	50
Transco Plans $9.8 Million Facilities Construction	June	64
Transco Seeks Approval for $3 Million Expansion	Feb.	46
Transco Will Construct $27.3 Million Facilities	June	63
Transwestern Proposes $2.9 Million Construction	Dec.	43
Trunkline's $1.3 Million Offshore Line Authorized	Aug.	57
20-Mile Ethylene Section Dehydrated and Tested	May	50
Two East Coast Firms Building $4 Million LNG Facilities	Nov.	66
$280 Million Sumed Line Construction Contract Signed	Sept.	49
$214 Million TransCanada Construction Announced	Feb.	45
$200 Million, 1,750-mile Canada LPG Line Proposed	Dec.	51
$2.3 Million Construction Ok'd for Inter-City Minnesota	Feb.	45
Well Casing Insulation Eyed for Arctic Hot Pipe Line Use	Oct.	49
West Germany to Construct International Gas, Oil Lines	June	59
